

I wish to state that radio station, 91.3 K-Love, has a negative impact on the community of San Antonio, Texas.

I am a Christian that used to be a fervid listener of K-Love until they started expressing their influencial, one-sided, personal political views, their biggoted, almost "hate" encouraging ideas of morality, and began strengthening their "guilt-filled" ploys to attempt to raise funds to stay out of the "clutches" of the FCC.

My sister, who has Spina Bifida, lives on a very fixed Supplemental Security Income. Although I'm a fairly new teacher, I cannot financially help her as much as I'd like, so she stretches what she receives in any way that she can.

K-Love pushes the public to contribute 40.00 per month to remain untouched by the FCC. They make comments, more or less, like the one this morning, "...a person comes to Jesus once an hour. So, if you think your 40.00 a month pledge to buy an hour of air time doesn't help or make a difference, then consider that fact..."

At one time, my sister was facing financial difficulty trying to be a "valued K-Love listener" and a good Christian by paying this amount each month, eventhough it was because she was "guilted" into it and did not have the funds to fulfill this commitment. I explained to her that God loves her regardless of what she can give to a radio station.

I worry about all the other people: those with mental retardation, the elderly, people who are going through rough emotional times, etc. that may feel they, too, must "give" to be a good Christian. Perhaps this is not enough of a reason to stop K-Love. Perhaps it's merely my opinion, but I did want it brought to your attention.

Thank you for your time.

Sincerely,

Elizabeth Mueller
